- Calling us at 1-888-978-2583
- Reaching out to us at LegalNotices@AssuredIM.com

You may only make a verifiable consumer request for access or data portability twice within a 12-month period.

The verifiable consumer request must:

- Provide sufficient information that allows us to reasonably verify you are the person about whom we collected Personal Information or an authorized representative.
- Describe your request with sufficient detail that allows us to properly understand, evaluate, and respond to it.

We cannot respond to your request or provide you with Personal Information if we cannot verify your identity or authority to make the request and confirm the Personal Information related to you.

Making a verifiable consumer request does not require you to create an account with us.

Verification Process

To submit a verifiable consumer request, the consumer may be required to provide up to three data points, which may include additional Personal Information, to enable us to verify the consumer's identity with the degree of certainty required by the CCPA.

We will use Personal Information provided in a verifiable consumer request solely for the purpose of verifying the requestor's identity or authority to make the request. We or a third party on our behalf may follow up with you to determine whether a request is a verifiable consumer request under applicable law.

If we cannot verify your identity or authority to make the request and confirm the Personal Information relates to you, we will deny the consumer request in whole or in part and will not disclose the information requested or, as applicable, will not delete the information requested. We will respond to any such consumer request with a denial, and will also explain why it has no reasonable method by which it can verify the identity of the requestor.

However, if a consumer request that seeks disclosure of specific pieces of Personal Information is denied because we cannot verify the identity of the person making the request under the applicable verification rules under the CCPA, then we shall treat the request as one that seeks the disclosure of the Categories of Personal Information and apply the verification rules in the CCPA applicable to requests for disclosure of Categories of Personal Information.

If a consumer request that seeks disclosure of Categories of Personal Information is denied because we cannot verify the identity of the person making the request under the applicable verification rules in the CCPA regulation, then we shall provide or direct the requestor to our general business practices regarding the collection, maintenance and sale of Personal Information as set forth in this Privacy Policy.

If we require more time we will notify you of the extension and provide an explanation of the reason for the extension in writing, and we will provide you with a response no later than ninety (90) days of receipt of the request.

If you have an account with us, we will deliver our written response to that account. If you do not have an account with us, we will deliver our written response by mail or electronically, at your option. If you do not have an account with us, and you do not indicate a preference for delivery, we will use its discretion in choosing the method of delivery of the information.

Any disclosures we provide will only cover the 12-month period preceding the verifiable consumer request's receipt. The response we provide will also explain the reasons we cannot comply with a request, if applicable. For data portability requests, we will select a format to provide your Personal Information that is readily useable and should allow you to transmit the information from one entity to another entity without hindrance.

We may charge a reasonable fee to process or respond to your verifiable consumer requests if they are excessive, repetitive, or manifestly unfounded. If we determine that the request warrants a fee, we will inform you of the reasons for this decision and provide you with a cost estimate before completing your request.

Personal Information Sales Opt-Out and Opt-In Rights

We do not sell the Personal Information of consumers. However, you do have the right to direct us to not sell your Personal Information at any time should we begin to do so (the “right to opt-out”). Additionally, we would not sell the Personal Information of consumers we actually know are less than 16 years of age, unless we receive affirmative authorization (the “right to opt-in”) from either the consumer who is between 13 and 16 years of age, or the parent or guardian of a consumer less than 13 years of age. For consumers 13 years and older, affirmative authorization is demonstrated through a two-step process whereby the consumer shall first, clearly request to opt-in, and then second, separately confirm their choice to opt-in. Within the context of a parent or guardian acting on behalf of a child under 13 years of age, affirmative authorization means that the parent or guardian has provided consent to the sale of the child’s Personal Information in accordance with the requirements of the CCPA.

Non-Discrimination

We will not discriminate against you for exercising any of your CCPA rights, including, but not limited to:

- Denying you products or services

- Providing you a different level or quality of products or services
- Suggesting that you may receive a different price or rate for products or services or a different level or quality of products or services

However, we may offer you certain financial incentives permitted by the CCPA that can result in different prices, rates, or quality levels, provided that: (i) the financial incentive is reasonably related to the value of your Personal Information and (ii) we provide you written terms that describe the program’s material aspects. Participation in a financial incentive program requires your prior opt-in consent, which you may revoke at any time.

Right to Designate an Authorized Agent

If you submit a request for access and portability or deletion through the use of an authorized agent, we may require that you (i) provide the authorized agent written permission to act on your behalf, and (ii) verify their identity directly with us. We may deny a request from an authorized agent that does not submit proof of authorization.
